Subject: Strategic Collaboration Proposal

Dear Francois Mercer,

At Studio Shodwe, we have long admired Ingoude Company' innovative approach to investment strategy and portfolio growth. As our firms continue to lead in complementary sectors, we believe there is a unique opportunity to join forces in a mutually beneficial collaboration.

Our team specializes in guiding high-growth businesses through transitional phases — from market expansion to brand repositioning. In the past year alone, we've helped clients in Europe and Southeast Asia achieve a 35% average increase in brand equity and investor engagement. Your recent work in emerging markets is particularly aligned with our mission to support purpose-driven growth.

We would be delighted to explore how our capabilities could integrate with Ingoude's objectives in Q3 and beyond. Should you be open to a preliminary discussion, we are happy to coordinate a meeting at your convenience.

Thank you for your time and consideration. We look forward to the possibility of working together.

Sincerely,

Margarita Perez
Managing Partner
Studio Shodwe
